ENTERTAINMENT ACTION AT THE AVALON AIRSHOW

The Australian International Airshow will deliver more action than ever before on the ground and in the air in March 2011.

An expanded entertainment program at Avalon2011 will excite both the young and young at heart.

For the first time at the event, a special 'Kids Zone' has been established to provide entertainment and activities for all ages.

"The 'Avalon Kid's Zone' is an exciting addition to the Airshow program and we hope lot's of young people will come along and enjoy the hands-on activities on offer," says Airshow CEO Ian Honnery.

Children, and mums and dads too, will get the chance to make their own paper planes, and then test out their flying skills in a purpose-built aerial playground run by design group, The Paper Plane Academy.

To get a feel of what it's like to be in control of your own plane, kids can have a go in the Pedal Planes on offer. There will also be face painting, wooden plane kits, and lots of other children's activities.

The 'Avalon Kid's Zone' will be housed under cover in the exhibition pavilion and will be open from 9.00am to 3.30pm on both the Saturday and Sunday of the Airshow.

Another Airshow first is the establishment of the 'Avalon Arena' where land based thrills and spills will take place.

The 'Avalon Arena' will encompass a mobility track where the Royal Australian Air Force will be performing some exciting land attack re-enactments along with putting some of its 4 x 4 vehicles through their paces.

Another Avalon first is the 'Extreme Sports Arena' where a monster truck and a freestyle motocross team will perform crazy stunts and aerial antics that are sure to amaze.

Avalon2011 is set to be the biggest and best Airshow yet, as the event celebrates the 90th anniversary of the Royal Australian Air Force.

Hundreds of military, commercial, civil, historic and general aviation aircraft will be on display.

Catch all the amazing action on the ground and in the air at the 2011 Australian International Airshow at Avalon Airport from March 4 – 6. Gates open to the public from 2pm on Friday March 4th.
